### **Cautions:**

1. Keep all children and pets away from assembly area. Children and pets should be supervised when they are in the area of gazebo construction.
2. The area for assembly should not be less than 6 feet from any obstruction such as fence, garage, house, overhanging branches, laundry line or electrical wires.
3. This unit is heavy. Do not assemble this item alone. Four people are recommended for safe assembly.
4. Some parts may contain sharp edges. Wear protective gloves if necessary during assembly.
5. When assembling and using this product, basic safety precautions should always be followed to reduce the risk of personal injury and damage to equipment. Please read all instructions before assembly and use.
6. For outdoor use only. Install on level ground. Do not cook inside the tent.
7. Check all bolts for tightness before and during usage
8. Pegs supplied must be used to hold this gazebo in place when upright.
9. WARNING: Please take down the gazebo during strong wind. The manufacturer or retailer is not liable for any loss of the product or other items due to the failure to take down the gazebo during strong wind.
10. Do not use candles, matches or open flames of any kind in or near a tent.
11. Build campfires downwind and several meters away from a tent and be sure to fully extinguish campfires before leaving a campsite or before retiring for the night.
12. Do not climb on top of the gazebo. Falling off the gazebo can result in serious injury
13. Extinguish or turn off all lanterns before going to sleep. Do not smoke in a tent.
14. KEEP ALL FLAME AND HEAT SOURCES AWAY FROM THIS TENT FABRIC. This tent is made of flame-resistant fabric. It is not fireproof. The fabric will burn if left in continuous contact with a flame source.

### **Care & Maintenance:**

Our steel components for garden accessories and furniture are treated with rust inhibiting paint that protects it from rusting. However, due to the nature of steel, surface oxidation (rusting) will occur once these protective coatings are scratched. This is not a defect and thus not covered by the warranty.

To minimize this condition, we recommend care when assembling & handling the product to prevent scratching the paint. Should any scratching or damage occur, we recommend immediate touch-up with rust inhibiting paint.

Surface rust can also be easily removed with a very light application of common cooking oil. If surface oxidation (rusting) occurs and if no measure is taken to prevent this, the oxidation may start dripping on to deck or patio and caused damaging stains, which may be difficult to remove. This can be prevented if the above-mentioned measures are taken to keep the product from oxidizing.

### **Limited Manufacturer's Warranty:**

This limited warranty is extended to the original purchaser and applies to defects in materials and workmanship of your item provided the item is maintained with care and used only for personal, residential purposes.

The item is warranted to be free from defects in material or workmanship for a period of **one (1) year**. We don't reimburse for transportation or delivery costs, or compensate the individual or any outside party for assembling or disassembling the product.

### **Exclusions:**

Items used for commercial, contract, or other non-residential purposes, or items damaged due to acts of nature, vandalism, misuse, or improper assembly are not covered. Corrosion or rusting of hardware is not covered. Proof of purchase (dated register receipt) is required for warranty claims. Warranty is to the original purchaser and is non-transferable. Any replacement of warranted items will be in the original style and color, or a similar style and color if the original is unavailable or has been discontinued. As some states do not allow exclusions or limitations on an implied warranty, the above exclusions and limitations may not apply. This warranty gives you specific rights, and you may also have other rights, which vary from state to state.
