

MyT Series Assembly Instructions

Assembly

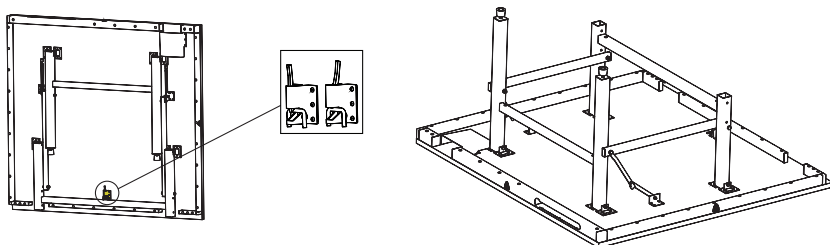

Please read carefully.
Assembly requires two adults.

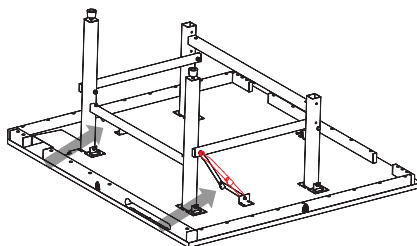

1. Using two people, remove (2) Table Tops from the box and place them upside down onto a blanket or piece of cardboard, free of any debris, so you do not scratch the playing surfaces.

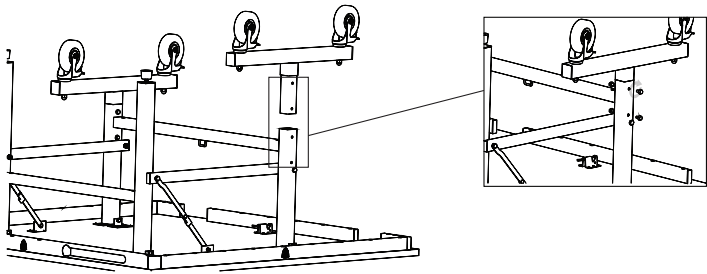

2. Push down on the yellow lever, then lift the Legs into the vertical position. Repeat this step on the other half of the assembly. Caution: Prior to opening the legs, please make sure the safety latch is unlocked.

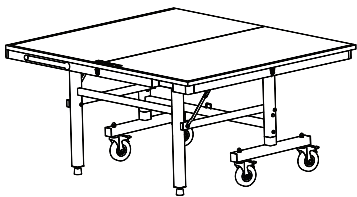

3. Pull up on the braces to lock the legs into position.

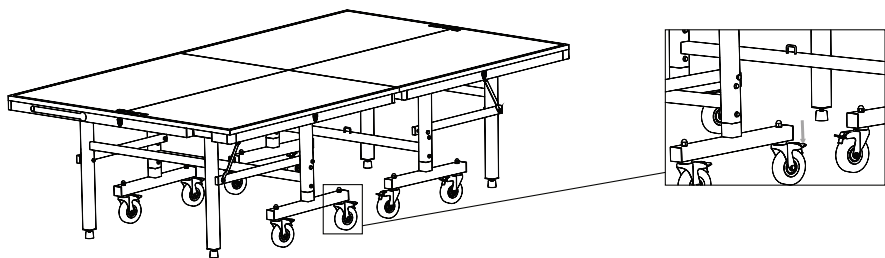

4. Slide (2) Wheel Assemblies into the slots in the legs, then attach them using (8) Bolts. Repeat this step on the other half of the assembly.

5. With two people, flip the assembly over, being careful not to bend the Supporting Braces, then remove the blanket or cardboard. Repeat this step on the other half of the assembly.

6. Carefully bring the two halves together. Push down on the (8) Wheel Locks to prevent the tables from rolling.

Adjustments

TABLE TOP HEIGHT ADJUSTMENTS

1. Adjust the (4) Foot Screws until the table is level. The recommended height for the Table is 2 feet 6 inches from the ground.
