

If you are not completely satisfied, please contact us directly

### **What is covered by the warranty?**

Manufacturer's defects caused by poor craftsmanship or defective hardware or materials when purchased through our authorized dealers.

### **What is not covered by the warranty?**

All products are warranted against manufacturing defects when purchased through an authorized dealer. If your product is damaged in the course of normal wear and tear, you may not qualify for our warranty replacement. Products damaged while being used in an unintended way are not covered by the lifetime warranty.

### **How does the warranty work?**

Contact us at our website and send pictures showing the defect and we'll take a look. If the claim meets our guidelines, we will send you a replacement part or product free of charge.
