Octagon & Dot

Ceramic Mosaic Tile

Octagon and Dot is a fashionable remake of a classic tile look, each of its octagon-shaped tiles is accented by four smaller tiles – available in a variety of colors. This basic patterning creates an overall effect like that of tiling found in fine homes of yesteryear. Ideal for remodeling projects, Octagon and Dot comes in preformatted sheets that make installation easy. It's perfect for kitchens, baths and other areas around the home, where it creates an atmosphere of simple sophistication when combined with select wall tiles and accents.
