Placement and Maintenance

Hokkaido Table™ is designed for indoor use on level floors. Clean glass with glass cleaner; clean steel parts and wood veneer with a moist cloth.

Step 1 - Unpack and identify parts listed below.

The assembly workspace should be a non-marring surface such as carpet. For missing hardware pieces, please contact BDI Customer Service at: customerservice@bdiusa.com For all other concerns please contact your local BDI Retailer.

Step 2 - Lay **glass panel (A)** so that the pucks are facing up.

Step 3 - Install **short metal leg (C)** to glass puck.

Step 4 - Lay **wood panel (B)** onto previously installed upper legs. Note* finished wood side facing downward.

Step 5 - Install **long metal leg (D)** through wood panel hole and into the threaded hole of short metal leg (C).

Step 6 - Flip assembled unit over onto base leg position.
