Assembly Steps

OVERVIEW

This Bench has multiple parts and may require up to some 30 minutes to assemble. To give you an overview of the Bench parts, the above picture is to help you put the various parts into perspective. Please read through the instructions below to familiarise yourself with the parts and steps before assembly.

Some parts are heavy, exercise safety and have adult assistants to help whenever lifting and moving them.

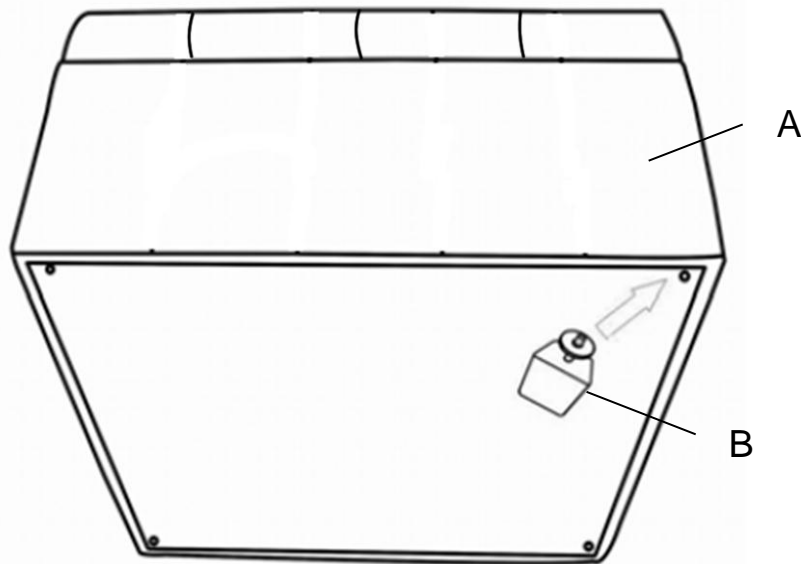

Step 1

With assistance from your adult partner, carefully place the Storage Ottoman(A) on a clean, non-marring surface.

open up the Storage Ottoman and take out Wood Legs(B) and Washer Rings(①) and put them aside.

Step 2

Install the first leg(B) into the bottom of the Storage Ottoman(A) by placing 1 (ONE) piece of plastic washer ring(①) (improves tightness and security of leg) on the threaded stem. (The use of washer rings are OPTIONAL and is especially useful to help alleviate slight wobbleness).

Insert the threaded stem with 1 (ONE) piece of plastic washer ring(①) into the threaded mountings at each corner of the bottom of the Storage Ottoman(A).

Tighten by turning the leg clockwise.

Repeat the same step to install the three remaining legs.

Step 3

Place the Storage Ottoman right side up

Your Storage Ottoman is ready for use.

This Storage Ottoman can only be used on a flat, level surface.

What is Proposition 65?

Proposition 65 is a California law that requires warning labels on products that may contain one of more than 800-plus chemicals or ingredients that the California Office of Environmental Health Hazard Assessment (OEHHA) has deemed to cause cancer or other reproductive toxicity. Chemicals and elements on this list include wood dust, brass, and other everyday substances, which can be found in very common household items, such as: lamps, tableware, jewelry, crystal glasses, electric cords, beauty products, automobiles, and furniture.

Why Did I Find a Proposition 65 Warning on My Home Goods Product?

We include Proposition 65 warnings on all of our products because there is always a chance that one of the 800-plus common chemicals and ingredients listed under this law could potentially be on our furniture or packing materials. We risk large fines under this law, if we don't include this warning.

Should I worry?

We realize you may be worried finding this warning on our products, but we want to reassure you that the hazardous exposure limits for any of these chemicals have never been found on furniture products that we've shipped to our customers. Additionally, this warning label is very common and can be found on almost every piece of furniture sold in the state of California.

Just How Common Are Proposition 65 Warnings?

Proposition 65 warnings have become so common in California that it is hard to take a trip to a local bank, grocery store, or restaurant without finding at least one warning. In fact, even the Disney Land Resort has a Proposition 65 warning:
