# **Helios Head**

### DESCRIPTION

12 Volt 6 watt directional LED head. LED module is easily field replaceable with the screw-in base specifically designed for our LED head. The heat sink remains with the fixture minimizing any waste at the end of the lamp module life. Head rotates 360° and pivots 260° to direct the beam. Accessories in myriad styles and colors allow you to create the ideal custom LED fixture (accessories required; sold separately).

#### INSTALLATION

Socket terminates with FreeJack male connector, which may be installed into a system connector. Elements ordered with a system prefix include a connector for that system. For use on T~TRAK, order FreeJack version and T~TRAK FreeJack Connector (sold separately).

## **ACCESSORIES & OPTICAL CONTROLS**
