ZWILLING® Spirit

SAFETY USE AND CARE INSTRUCTIONS

Thank you for choosing ZWILLING Spirit cookware. Before using your product, be sure to read this information to assure you get the best performance from your cookware.

Before First Use:

- Remove all packaging materials, labels and stickers.
- Wash product with warm water and dish soap.

Lids:

- Always use oven mitts when removing a hot lid.
- When removing the lid be sure to angle the lid to direct the steam away from you.
- Never place a lid on a hot burner. This could damage, discolor or crack the lid.
- Never use a glass lid that is cracked or has scratches. These can break or shatter at random.
- Refrain from lowering or turning off the heat when lid is on the pan. This may result in a vacuum that can cause the lid to stick.
- Glass Lids are tempered.
- Lids are oven safe up to 400°F/204°C

Handles:

- The metal handles can become hot. We recommend to always use oven mitts.
- Never let the handles of your cookware extend over the cooking area.
- Never use a pot or pan with a loose handle.

Cooking:

- For **SAFETY**, keep children away from hot cookware and stove tops.
- Never leave an empty pot/pan on the cook top, and never let it boil dry. This can quickly lead to irreversible damage to the base of the pot/pan or personal injury.
- For best heating performance, match up the burner size to that of the base of the pot/pan.
- When adjusting the burner flame, be sure to not let the flame extend along the walls of your pot/pan.
- Never place your cookware in the microwave.
- Oven Safe:
 - Polished interior: Up to 500°F/260°C without lid
 - CERAFORCE® ULTRA ceramic nonstick interior: Up to 400°F/204°C
- Low to medium heat use is recommended.

Products with CERAFORCE® ULTRA CERAMIC NONSTICK COATING:

- The use of extreme high heat will cause the CERAFORCE® ULTRA nonstick properties to diminish.
- Temperatures that exceed 400°F/204°C may diminish the CERAFORCE® ULTRA nonstick properties.
- Do not use metal utensils or rough abrasives as they will damage the CERAFORCE® ULTRA ceramic nonstick coating.
- It is safe to use a minimum amount of cooking oil. Excessive amount of nonstick sprays can affect the CERAFORCE® ULTRA ceramic nonstick properties.
- We always recommend using a little fat while cooking, like butter or cooking oil, to prolong the life of the ceramic coating.

- Cookware with CERAFORCE® ULTRA ceramic nonstick coating is not intended for commercial use.

Cleaning and Maintenance Tips:

- Always leave a hot pan to cool down before cleaning it. The extreme difference in temperature between the hot pan and colder water may cause permanent deformation.
- Clean the pan with warm water, liquid dish soap and a soft sponge or brush. Dry completely to prevent water spots.
- To remove stubborn, burnt food remains, it is advisable to soak the pan in water and dish soap (all night if necessary). Then clean with a soft cloth, sponge or soap.
- Do not use oven cleaners, as they will permanently damage cookware.
- This product is dishwasher safe. (We recommend to hand wash to prolong the beauty of your cookware).

Storage:

- Do not stack your pots and pans on top of one another. This can cause abrasions and scratches to your cookware.

Warranty:

Thank you for your ZWILLING J.A. HENCKELS purchase. Like all of our products, ZWILLING J.A. HENCKELS cookware has a lifetime warranty against manufacturer's defects. The warranty does not cover normal wear and tear from use or treatment of the product, nor does it cover the consequences of improper use or accidents. It does not cover discoloration and deposition of lime or other substances. Scratches to the inside or outside of the stainless steel are not considered production defects.

A two year warranty is offered for loss of nonstick properties or peeling to the CERAFORCE® ULTRA CERAMIC NONSTICK COATING in accordance with the maintenance instructions provided.

With normal use and minimal maintenance, this cookware line will satisfy you for years. In the unlikely event you are not satisfied with your new cookware, please contact us at:
