112B01B AIZEN

SELLING POINTS : Hand-forged steel has 70% or greater recycled content. Low-VOC finish. Recycled glass. Can be mounted up or down.

CLASSIFICATION : Even when first sketched on a bar napkin, it looked elegant. As much as we love a perfectly mixed cocktail enjoyed with friends and family, we love having a great idea. Such was the case when we conceived Aizen. In our original scribble, we managed to mix Asian, rustic, and contemporary styles into the cohesive whole that is Aizen. And now, Aizen is available with Tea Stained Creamy and Tan Opal glass choices.
