

4.8 GALLON ASH VACUUM MODEL ASHJ201

FPO

Powerful 4-Amp Motor

- Generates up to 500 W of suction power
- Efficiently moves air through the unit at a rate of 42.4 ft³/min

Fine Dust Cartridge Filter

- M-grade filter stops fine dust and resists clogging
- Reusable and easy to clean; just tap or use brush

ON/OFF Switch

- Easy to power on and off

Hose/Cord Organizer

- Conveniently and neatly stores the 8.5 ft (2.6 m) power cord and suction hose

3.9 ft (1.2 m) Metal Suction hose

- Durable and flexible metal-reinforced hose is ideal for cold ash pickup

11.8-Inch (30 cm) Aluminum Suction Tube

- Allows for insertion into ash pile to withstand higher degree temperatures (less than 100°F/40°C)
- 1.6 in. (4 cm) diameter intake nozzle with angled tip is easy to handle and control

Metal Storage Tank

- Durable metal canister holds up to 4.8 gallons (18 L) of ashes
- Ample storage capacity to get the job done without stopping to empty
- No bags required; just remove the lid to empty ashes

- Designed specifically for cold ash pickup from wood stoves, pellet stoves, fireplaces, firepits, and BBQ grills
- Reusable fine dust cartridge filter resists clogging and is easy to clean
- Powerful 4 amp motor generates up to 500 W of suction power
- Extra large metal canister stores up to 4.8 gallons of ashes
- Flexible, metal-reinforced suction hose (3.9 ft) with aluminum intake nozzle (11.8 in.)

Box

Ash it out. The Snow Joe® ASHJ201 4.8-gallon Ash Vac is designed specifically for cold ash pickup from wood stoves, pellet stoves, fireplaces, firepits, and BBQ grills. Equipped with a reusable and easy-to-clean fine dust filter, the Ash Vac traps fine dust particles and prevents them from escaping into your breathing space, so you can get the job done without creating a dusty mess around your home. Simply insert the Ash Vac's aluminum intake nozzle into your pile of cold ash, and watch its powerful 4-amp motor generate up to 500 W of suction power and 42.4 cubic feet per minute of air flow. The Ash Vac's extra large metal canister stores up to 4.8 gallons of ashes, so you can finish your task without stopping to empty the container. Plus, it's a self-contained, bag-free system, which allows for easy ash removal with a simple lift of the container lid. Other features include a safety stop switch to prevent the Ash Vac from operating without a properly fitted filter, a wire filter basket to protect the fine dust filter, an easy carry handle, an inspection window blockage indicator, and an onboard cord/hose organizer for convenient storage. Backed by a full 2-year warranty, the Ash Vac ASHJ201 is the reliable cleanup tool you'll need to deal with any ash problem in a simple, clean and safe way.
